Dear Shawn,

I want to formally thank you for the amazing job you did in designing my home's interior. I have always been a huge fan of your design style as your interiors are warm, fun, eclectic, and always with a touch of glamour. The end result never looks "designed" but flows with a natural grace and beauty.

The areas that you brought to life in my home were the living and dining rooms, family room, kitchen, office, wine closet and the master bedroom and bath. You painted every room, re-purposed existing furniture when possible, brought in a number of new pieces, framed my treasured art pieces and added plants, candles, books and all the little details that make a warm, comfortable and stylish home.

Not only did you accomplish all of the above, but you did it all in two weeks!!! Arriving home from vacation to find my home completely transformed was even more exciting than my trip to Asia!! And each day when I walk through my door, it brings a smile to my face.

Thank you for waving your magic wand over my home. I will definitely use your talents for all my future projects and I would recommend you unconditionally to others. You're the best.

With my warmest regards,

Ellen Murphy Fowler
